OPERPAR

Manufacturing in Paraguay for international markets

Minga Guazú, Paraguay

operpar.com

An industrial operation in development

OPERPAR is preparing its manufacturing operation in Paraguay to serve international markets, initially Brazil.

Location

Minga Guazú, Paraguay. A leased 1,400 m² industrial building.

Planned launch

December 2026, focused on manufacturing and exports.

Development information provided by the company in October 2026.

Manufacturing for international markets

Industrial solutions for export

Developing a manufacturing operation focused on service and commercial competitiveness for business customers.

Potential expansion

Batteries, EV chargers, electrical equipment, off-grid systems and home appliances. Future product lines are subject to implementation and commercial availability.
